Roca

is immensely proud and honoured to be
featured in

**Economic Times Best
Brands in Building Materials
& Fittings Industry for 2021**

Roca

Benefits of vitreous china

	Roca glazing technology	Glazing formula, imported from Spain, to enhance the physical performance of glazing on porcelain.
	Back-to-wall	Back-to-wall WCs to facilitate cleaning & to avoid dirt build up.
	Compact basin	Washbasins with reduced measurements for small spaces & bathrooms.
	Compact toilets & special-height toilets	WC with reduced measurements for limited spaces or small bathrooms & helping people with reduced mobility.
	Sewage emission & cleaning	The average sewage emission distance of Roca toilets is over 15 meters. In other words, it provides thorough cleaning with zero blockage.
	Dual-flush cisterns	Special water-saving button to choose between 6/3 Ltr., 4.5/3 Ltr. & 4/2 Ltr. flushing volume of water.
	For children	Especially adapted to children's measurements making it easier to use for them.
	WC with flat bottom	The permanently flooded flat bottom of this WC offers a quick & hygienic method to verify the health status of kids.
	Reduced mobility	Adapted products to assist people with disabilities & reduced mobility.
	Fineceramic®	A new high quality ceramic material which is lighter, harder & more defined than conventional material. It is also easier to clean & more consistent.
	Rimless	Smooth inner walls without rim ensure greater hygiene & ease of cleaning.
	Surfex®	New extremely malleable material, exclusive by Roca

Benefits of seat & cover

	Supralit®	An exclusive resin which make products more resistant to chemical agents & to yellowing.
	Roca UF seat & cover advantage	By using quality urea formaldehyde resin, Roca presents a cover with a longer life span than its plastic counterparts. The gloss & colour of the seat & cover is maintained, even after a prolonged use.
	Easy clean	The WC seat & cover can be easily removed to clean the Vitreous China surface & then put back into place.
	Soft-close system	The WC lid with soft-close system avoids shocks & breakages.
	Multiclean	Multiclean is an ideal solution for improving hygiene & comfort in the bathroom space. A removable seat is provided with a control device to activate the different functions.

Benefits of smart toilets

	Cleaning function	With adjustable water temperature.
	Drying function	Adjustable temperature air flow.
	Seat & cover	Soft-close system seat & cover and heatable seat.
	Maximum hygiene	Nozzle automatically extends while using this function & self-cleans it.
	Remote control	Totally intuitive remote control for greater comfort & well-being.
	Self open	A new technology which, upon detecting a user approaching the product, smoothly & silently begins to raise the cover.
	Oscillating cleaning	A specific function that enlarges the cleaning zone thanks to the back-and-forth movement of the nozzle.
	Music	Automatic or manual playing of music using a SD card to create a relaxing atmosphere in the bathroom space.
	Energy saving	This function sets the standby mode when the wellness toilet is not in use, in order to save energy.
	Courtesy light	Provides a warmer, more intimate & pleasant ambience.
	Pulsating cleaning	A specific function for cleaning by means of intermittent splashes of water.

Benefits of furniture & accessories

	Right opening	Right opening door.
	Left opening	Left opening door.
	Push to open	Gently pressing the centre of the drawer or door facilitates the opening & closing process.
	Soft-close (drawers)	Thanks to this slow-closing system, drawers will close softly & slowly, for extended product durability.
	Soft-close (doors)	Thanks to this slow-closing system, doors will close softly & slowly, for extended product durability.
	Reversible	Thanks to this system, the door can be opened either to the right or to the left with just one turn.

Benefits of furniture & accessories

	Furniture unit that can be installed with legs	The unit comes with a set of optional legs specially designed to install the unit on thin walls, so that it can be better secured.
	Reduced depth unit	Products with reduced depth are ideal for making the most of small areas.
	Height-adjustable shelves	Adjustable internal shelves adaptable at different heights to avoid any space limitations.
	Space saving syphon for compact units	It allows to maximise the available space for storage.
	Demister foil	The mirror incorporates a demister foil as a standard element: avoids the mirror steaming up, reduces the need for cleaning & protects against corrosion.
	Lighting	The product includes lighting as a standard.
	With LED technology	The LED technology guarantees minimum electricity consumption, & thus, offers great energy savings.
	Low consumption	Lighting with low energy consumption.
	Vandal proof	Products with a vandal-proof installation system to avoid theft.
	People with reduced mobility	A product specially designed for people with reduced mobility.
	Dual fastening	The product can be installed with adhesive assembly or with screws.
	Assembly kit included	It includes all the necessary materials for adhesive assembly or assembly using screws.
	High resistance	Resistance to a static load of up to 5 kg through adhesive fixation.
	Long-lasting shiny chrome	Guarantees a long-lasting easy-to-clean chrome plating.
	Complete range	Meets all the accessory requirements for any bathroom space.
	Built-in socket	Power outlet
	Bluetooth® speakers	Seamless connectivity and ceaseless entertainment

Benefits of faucets, fittings & showers

	Cascade Flow	This supreme technology creates a stress relieving bathing experience.
	SofTurn®	SofTurn® cartridge technology gives the user precise control over water flow & temperature. The development of this technology has been possible as we are one of the few manufacturers who design, develop & manufacture our own cartridges.
	Joystick-Turn®	An innovative concept in water control, Joystick technology presents a style which is distinct from the more traditional single lever, but which gives the same performance as SofTurn® technology.
	Progr-Turn®	Taps with progressive technology always start the flow with cold water & as you continually turn the control the flow changes to a mix of hot & cold meaning water systems are only activated when hot water is required thereby saving energy.
	ECO disc cartridge	This Roca-exclusive technology helps to save water & energy. As the tap handle is raised, a slight resistance is reached at 50% of the water flow; lifting beyond this bite point produces a full flow. The cartridge has a temperature limiter which can be set at installation to eliminate the risk of scalding. The temperature limiter can be altered after installation.
	EverShine®	Roca's innovative EverShine® chrome plating system, involving electrolytic coating, produces a hard-wearing finish on all taps & showers. It helps to maintain the shine & makes for easy cleaning.
	SafeTouch®	Development in materials has allowed Roca to develop SafeTouch® technology which prevents the chrome plating on thermostatic fittings from overheating. This eliminates the risk of scalding & is particularly beneficial in environments used by the young, the elderly & the less mobile.
	Security 38°®	A safety device (red button) that stops the control knob being turned beyond 38°C.
	Quick Reaction®	Quick Reaction® technology ensures that Roca thermostatic fittings reach the required flow & temperature in less than 3 seconds. Both then remain constant, irrespective of variations in water pressure.
	Pop-up waste	Basin waste channel
	Swivel start	Convenient Left & right turns according to your need.
	Everlux	Advanced PVD process, includes range of finishes.
	Cold Start	In Cold Start faucets the front opening is exclusively reserved for cold water, thus avoiding an unnecessary waste of energy.
	Easyclean®	This system prevents limescale build-up. The technology helps maintain the bathroom's perfect conditions.

Benefits of concealed cistern

	Easy installation	Easy bracket assembly & reliable fixation.
	Water saving	Adjustable flush 6/3 ltrs & 4.5/3 ltrs.
	Feather touch push plates	Slight operation force. The flush wall still works even if the button is not pushed to the end.
	Quality & trust	Warranty 10 years on tank & 2 years on flushing mechanism.
	Compression resistance	With its unique quality of compression resistance, it can bear extreme temperature conditions, making the tank very durable.
	Noiseless operation	Noiseless operation for a more peaceful bathroom experience.
	Ultra slim tank	80 mm slim concealed cistern with thermacol protection.
	Stable performance	Slendra flush volume will be stable in different toilets.
	Leak proof body	Superior build tank quality.
	Dual inlet	Top inlet & side inlet options.

Conditions of sale

1. Definitions

- 1.1 "Buyer" means the customer with whom the Company contracts for supply of goods;
- 1.2 "Company" means Roca Bathroom Products Private Limited;
- 1.3 "Contract" means the exchange of orders & billing between the Buyer & the Company for the sale & purchase of "Goods";
- 1.4 "Goods" means any goods supplied by the Company including any packing or other material supplied with such goods.

2. Contract

- 2.1 These terms & conditions shall apply in respect of all orders for Goods.
- 2.2 Where the Goods or services are provided by the Company to the Buyer in instalments, while each instalment will constitute a separate order, the Company's delay or failure to provide one or more of the instalments shall not entitle the Buyer to terminate the order as a whole.

3. Orders

- 3.1 Prices given by the Company to the Buyer remain as per the prevailing prices & validity.
- 3.2 Orders can be placed by the Buyer in writing, with delivery schedules & all supporting documents.
- 3.3 Telephonic & verbal orders will not be accepted.
- 3.4 No cancellation of orders will be accepted if (a) the products have already been dispatched, or (b) in the case of a special order, which is arranged specifically for the buyer.

4. Warranty, Liability & Quality

- 4.1 Goods are warranted to be of normal industrial quality & subject to the specifications, weights & measurements set out in the Company's brochures.
- 4.2 Coloured materials are subject to shade variation & this by itself shall not be considered a manufacturing defect.
- 4.3 In the event that the Goods are not free from defects aforesaid, by way of remedy the Company shall at its option either (1) repair or (2) replace or (3) offer a full or partial refund or (4) any combination of (1), (2) or (3)

PROVIDED THAT

- a. The defect was not capable of being apparent on inspection.
- b. The Goods have been properly maintained & fitted in accordance with the Company's recommendations.
- c. The Company is notified within 5 days of discovery of the defect.
- d. Any Goods alleged to be defective have been stored in a secure place & made available to the Company for inspection at the Company's request.
- e. No attempt by any third party has been made to remedy the defect.
- f. The Company has confirmed the defect.
- g. Proof of purchase is presented to the Company.
- 4.4 The Company's entire liability under these terms & conditions shall be limited to the warranty set out above & shall not in any event exceed the price paid by the Buyer.
- 4.5 The warranty shall not apply if the buyer carries out any modifications or additions to the product.
- ## 5. Delivery
- 5.1 The Company shall endeavour to supply the goods as per delivery schedules.
- 5.2 The Buyer shall provide all necessary assistance to the Company in unloading the Goods at the point of delivery.
- 5.3 All Goods must be checked by the Buyer at the time of delivery for any apparent defects or non-delivery of any part of the consignment. The Company shall not be liable for any such loss which is reported on a later date.
- 5.4 If any defects are discovered during this inspection, the Buyer must notify the Company's representative immediately. The Buyer's acceptance will be communicated to the Company by virtue of the Buyer or its representative signing a delivery receipt. Anybody presenting themselves to the Company's representative as acting on behalf of the Buyer in order to inspect or accept delivery of the Goods shall be deemed to be the Buyer's representative & as such has all relevant authority to sign the delivery receipt confirming the Buyer's acceptance of the Goods.

6. Payment & Title

All invoices are due & payable on or before the payment due date. If the Buyer does not pay the price set out in the Company's invoice in full & in cleared funds by the time payment falls due, in addition to any other rights the Company may have, the Company shall be entitled to bring an action against the Buyer for the outstanding invoice sum & may suspend any further deliveries to the Buyer.

7. Returns

No Goods once dispatched by the Company shall be returned to the Company unless the reasons for such return have been accepted by the Company in writing & any Goods so returned must be in good order & resaleable condition. Such Goods must have been delivered by the Company within the previous six months & correspond exactly to the original invoice, a copy of which must accompany the return.

8. General

The Company shall not be liable to the Buyer or deemed to be in breach of Contract for any delay in performing or failure to perform any of its obligations in respect of the supply of the Goods, if the delay or failure is due to any cause beyond the Company's reasonable control.

9. Jurisdiction

The Contract shall be governed in all respects by the laws of the Indian Government & the Company & the Buyer hereby irrevocably submit to the exclusive jurisdiction of the relevant courts in Chennai, India.
